1. EGYPT-EUROPE CULTURAL COOPERATION 2015

1.1. BACKGROUND

Since 2002, the Delegation of the European Union (EU) to the Arab Republic of Egypt has been strengthening the culture sector in Egypt through the financing of specific projects. Since 2007, these activities were funded within the context of the European Union Neighbourhood Policy with the South-Mediterranean Countries and its Financial Instrument, the ENPI¹.

The main objective of the EU-Egypt Cultural Cooperation Programme has been to develop solid cultural cooperation between the EU and Egypt, support the emergence of local cultural industries, strengthen the role and capacities of the Egyptian cultural operators and promote access to culture.

These interventions come from a strong belief that culture is a driver for sustainable development and builds on the recent policy developments of the international community and the European Union that acknowledge culture as a major sector of intervention in the international relations and as a vector for development.

In May 2007, the EU adopted its **Agenda for Culture**² which is built on the principles of respect and promotion of cultural diversity and intercultural dialogue, culture as a catalyst for creativity, and culture as a key component in international relations and development cooperation. In 18 March 2007, the 2005 **UNESCO Convention on the Protection and Promotion of the Diversity of Cultural Expressions**³, to which both the European Union and Egypt are parties, entered into force reinforcing the international governance of the cultural sector and calling for the integration of culture in the policies on sustainable development and development cooperation.

In 2010⁴, UN encouraged international actors to use culture in order to reach the **Millennium Development Goals**. Culture should become the vector that generates new streams of creativity and play an important role in the local sustainable development as an integration force, an element of human development and a shaper of public spaces and perceptions. In this sense, Culture may be considered as a **4th pillar of sustainable development** alongside the traditional social, economic and environmental pillars.

For more information, please consult the EU's and UNESCO's website on culture and development:

http://ec.europa.eu/europeaid/sectors/human-development/culture_en

<http://www.unesco.org/new/en/culture/themes/culture-and-development/>

This call for proposals intends to build-up on these recent policy developments and conceptual framework and put them into practice. Some examples to illustrate better the scope of this interaction between culture and development:

1. **Culture and Education:** actions aiming at including cultural activities in students curricula or mechanisms that would enable artists to play a role in cultural education in public schools and to extend youth access to cultural activities

⁴ UN 2010 Resolution on Culture and Development:

http://www.unesco.org/new/fileadmin/MULTIMEDIA/FIELD/Brussels/pdf/Resolution_culture_and_development.pdf

2. **Culture, creativity and economic development:** reinforcing the existing cultural private sector and cultural industries⁵ in a way that ensures and sustains cultural diversity (providing cultural content), fosters economic development and contributes to the eradication of poverty
3. **Culture, Cultural Heritage and Sustainable Development:** protection and promotion of cultural industries and cultural heritage (both tangible or intangible), especially as a tool for the sustainable development of communities; promoting cultural practices that could be considered good examples of a sustainable management of natural resources and the environment
4. **Access to Culture:** cultural actions that contribute to equal participation in cultural production and distribution of cultural services; access to culture in public spaces, informal areas and locations that are culturally deprived
5. **Culture and governance:** actions that will help cultural operators to better influence the decision and policy makers in a view to improve policy, institutional and legal frameworks for a better development of the sector
6. **Cultural Diversity and Intercultural Dialogue:** actions aiming at enhancing and preserving the cultural diversity of Egypt, access to cultural productions coming from other countries, the circulation of professionals and cultural productions within the region / Egypt; the organisation of activities seeking a contact with the Other and promoting dialogue with other cultures; encouraging the production and the access to independent cultural productions.

1.2. OBJECTIVES OF THE PROGRAMME AND PRIORITY ISSUES

The **global objective** of this Call for Proposals is to support the development of culture as a vector for sustainable economic and human development.

The **specific objectives** of this Call for Proposals are to:

- **Strengthen the role and capacities** of the Egyptian cultural operators in order to make them more sustainable and expand their working programmes. A special focus on young talents and independent sector must to be sought
- OR Contribute to the **diversity** of cultural creation and the **access** to it. Projects eligible under this priority must target one or more of the following elements:
 - support to new talents and independent productions
 - access to a culturally diversified cultural offer, especially in marginalised regions and informal areas
 - improved social participation in cultural production and consumption
- OR Contribute to the use of culture as a tool for **sustainable development**, especially at the local level, **seeking a specific impact in terms of job creation and eradication of poverty**.

Projects to be eligible should tackle one or more of the three priorities mentioned above. Projects dealing with culturally deprived areas / population will be given priority.

Indicative areas of work:

In order to achieve the priorities, project proposals may include the following activities.

Indicative eligible activities or topics (non-exhaustive list):

- Support to the configuration of vocational training programmes or other related activities contributing to the employability of the professionals of the cultural sector. Indicative topics:

⁵ As defined in the European Commission's study on 'The Economy of Culture in Europe' and the Green Paper of the European Commission 'Unlocking the potential of cultural and creative industries': those industries producing and distributing goods and services, which when considered from the point of view of their specific attributes, use or purpose, embody or convey cultural expressions, irrespective of the commercial value they may have (i.e. film, DVD and video, television and radio, video games, new media, music, books and press);

- professional and technical skills
 - management and organisation capacities
 - business skills development
 - co-ordination and management of important cultural operations (in terms of size, scope and relevance), which could include the financing of a pilot international scheme or Egyptian nation-wide operations
 - lobbying and awareness-raising to influence the formulation of public policies and private investments to improve the sector's development
 - reach-out and communication skills of cultural spaces and organisations
- Any other set of activities improving internal management structures, access to information and networking with other cultural operators / organisations
 - Specialised assistance in issues related to management, organisation and planning of cultural institutions or cultural operators
 - Activities related to the development of the capacities of institutions, operators and stakeholders in cultural heritage (tangible or intangible) management, promotion and appropriation
 - Bringing contemporary arts to marginalised areas: creation of collaborative and creative co-operation with local communities contributing to sustainable development and bringing forward the importance of culture
 - Bringing the arts to the core of everyday life in governorates with limited access to culture – locally produce artistic productions with the participation of prominent artists, new talents and local communities
 - Promoting mobility of art and artists through the country and internationally by means of residences, setting up of joint travelling exhibitions, etc in the context of wider operations – especially taking into consideration new talents.
 - Creating innovative cultural productions – from the preparation of workshops or any other preparatory activities for the conception of the artistic works, to their production, exhibition and further dissemination and presentation all over Egypt
 - Organisation of conferences, seminars, panels and discussions (in which for instance international and national professionals would participate in an assessment on Egypt's needs in the cultural sector or similar topics) may be considered as eligible activities provided that the action activities go beyond the organisation of these conferences
 - Foster sustainable development of traditional art forms and handicrafts

1.3. FINANCIAL ALLOCATION PROVIDED BY THE CONTRACTING AUTHORITY

The overall indicative amount made available under this Call for Proposals is EUR 420,000. The Contracting Authority reserves the right not to award all available funds or to increase the financial envelope if additional funds become available.

Size of grants

Any grant requested under this Call for Proposals must fall between the following minimum and maximum amounts:

- minimum amount: EUR 30,000
- maximum amount: EUR 60,000

Any grant requested under this Call for Proposals must fall below the following maximum percentage of total eligible costs of the action:

- Maximum percentage: 80 % of the total eligible costs of the action (see also Section 2.1.5).

The balance (i.e. the difference between the total cost of the action and the amount requested from the Contracting Authority) must be financed from sources other than the European Union Budget or the European Development Fund⁶.

2. RULES FOR THIS CALL FOR PROPOSALS

These guidelines set out the rules for the submission, selection and implementation of the actions financed under this Call, in conformity with the Practical Guide, which is applicable to the present call (available on the Internet at this address: <http://ec.europa.eu/europeaid/prag/document.do?locale=en>).

2.1. ELIGIBILITY CRITERIA

There are three sets of eligibility criteria, relating to:

(1) the actors:

- The **applicant**, i.e. the entity submitting the application form (2.1.1),
- if any, its **co-applicant(s)** (**where it is not specified otherwise the applicant and its co-applicant(s) are hereinafter jointly referred as the "applicants"**) (2.1.1),

(2) the actions:

- Actions for which a grant may be awarded (2.1.4);

⁶ Where a grant is financed by the European Development Fund, any mention of European Union financing must be understood as referring to European Development Fund financing.

⁷ To be determined on the basis of the organisation's statutes, which should demonstrate that it has been established by an instrument governed by the national law of the country concerned and that its head office is located in an eligible country. In this respect, any legal entity whose statutes have been established in another country cannot be considered an eligible local organisation, even if the statutes are registered locally or a 'Memorandum of Understanding' has been concluded.

for financing external action and Regulation (EU) N°232/2014 of the European Parliament and of the Council of 11 March 2014 establishing a European Neighbourhood Instrument⁸ **and**

- be directly responsible for the preparation and management of the action with the co-applicant(s) and affiliated entity(ies), not acting as an intermediary

International organisations are not eligible as applicants or co-applicants.

Eligible applicants having the nationality of a country other than Egypt must act together with at least one national Egyptian partner organisation as co-applicant. Egyptian applicants may act individually or with co-applicant(s).

- (2) The potential applicant may not participate in calls for proposals or be awarded grants if it is in any of the situations listed in Section 2.3.3 of the Practical Guide ;

In Part A, section 3 of the grant application form ('Declaration by the applicant'), the applicant must declare that the applicant himself, the co-applicant(s) and affiliated entity(ies) are not in any of these situations.

The applicant may act individually or with co-applicant(s).

If awarded the Grant contract, the applicant will become the Beneficiary identified as the Coordinator in annex E3h1 (Special Conditions). The Coordinator is the main interlocutor of the Contracting Authority. It represents and acts on behalf of any other co-beneficiary (if any) and coordinate the design and implementation of the Action.

Co-applicant(s)

Co-applicant(s) participate in designing and implementing the action, and the costs they incur are eligible in the same way as those incurred by the applicant.

Co-applicant(s) must satisfy the eligibility criteria as applicable to the applicant himself.

Co-applicant(s) must sign the Mandate in Part B section 4 of the grant application form.

If awarded the Grant contract, the co-applicant(s)(if any) will become beneficiaries in the Action (together with the Coordinator)

2.1.2. *Affiliated entities*

The applicant and its co-applicant(s) may act with affiliated entity(ies)

Only the following entities may be considered as affiliated entities to the applicant and/or to co-applicant(s):

Only entities having a structural link with the applicants, in particular a legal or capital link.

This structural link encompasses mainly two notions:

- (i) Control, as defined in Directive 2013/34/EU on the annual financial statements, consolidated financial statements and related reports of certain types of undertakings:

Entities affiliated to a beneficiary may hence be:

⁸ EU Members states and Egypt, Algeria, Armenia, Azerbaijan, Belarus, Georgia, Israel, Jordan, Lebanon, Libya, Moldova, Morocco, Palestinian Authority of the West Bank and Gaza Strip, Syria, Tunisia, Ukraine, Iceland, Lichtenstein, Norway, former Yugoslav Republic of Macedonia, Turkey, Albania, Bosnia and Herzegovina, Montenegro or Serbia, including Kosovo

- Entities directly or indirectly controlled by the beneficiary (daughter companies or first-tier subsidiaries). They may also be entities controlled by an entity controlled by the beneficiary (granddaughter companies or second-tier subsidiaries) and the same applies to further tiers of control;
 - Entities directly or indirectly controlling the beneficiary (parent companies). Likewise, they may be entities controlling an entity controlling the beneficiary;
 - Entities under the same direct or indirect control as the beneficiary (sister companies).
- (ii) Membership, i.e. the beneficiary is legally defined as a e.g. network, federation, association in which the proposed affiliated entities also participate or the beneficiary participates in the same entity (e.g. network, federation, association) as the proposed affiliated entities.

The structural link shall as a general rule be neither limited to the action nor established for the sole purpose of its implementation. This means that the link would exist independently of the award of the grant; it should exist before the call for proposals and remain valid after the end of the action.

By way of exception, an entity may be considered as affiliated to a beneficiary even if it has a structural link specifically established for the sole purpose of the implementation of the action in the case of so-called “sole applicants” or “sole beneficiaries”. A sole applicant or a sole beneficiary is an entity formed by several entities (a group of entities) which together comply with the criteria for being awarded the grant. For example, an association is formed by its members.

What is not an affiliated entity?

The following are not considered entities affiliated to a beneficiary:

- Entities that have entered into a (procurement) contract or subcontract with a beneficiary, act as concessionaires or delegates for public services for a beneficiary,
- Entities that receive financial support from the beneficiary,
- Entities that cooperate on a regular basis with the beneficiary on the basis of a memorandum of understanding or share some assets,
- Entities that have signed a consortium agreement under the grant contract.

How to verify the existence of the required link with the beneficiary?

The affiliation resulting from control may in particular be proved on the basis of the consolidated accounts of the group of entities the beneficiary and its proposed affiliates belong to.

The affiliation resulting from membership may in particular be proved on the basis of the statutes or equivalent act establishing the entity (network, federation, association) which the beneficiary constitutes or in which the beneficiary participates.

If the applicants are awarded a contract, their affiliated entity(ies) will not become Beneficiary(ies) of the Action and signatory(ies) of the Contract. However, they will participate in the design and in the implementation of the Action and the costs they incur (including those incurred for Implementation Contracts and Financial Support to third parties) may be accepted as eligible costs, provided they comply with all the relevant rules already applicable to the Beneficiary(ies) under the Grant Contract.

Affiliated entity(ies) must satisfy the same eligibility criteria as the applicant and the co-applicant(s). They must sign the affiliated entity(ies) statement in Part B section 5 of the grant application form.

2.1.3. Associates and Contractors
--

The following entities are not applicant(s) nor affiliated entity(ies) and do not have to sign the "mandate" or "affiliated entities' statement":

- Associates

Other organisations may be involved in the action. Such associates play a real role in the action but may not receive funding from the grant, with the exception of per diem or travel costs. Associates do not have to meet the eligibility criteria referred to in section 2.1.1. Associates must be mentioned in Part B section 6 — 'Associates of the Applicant participating in the Action' — of the Grant Application Form.

- Contractors

The grant beneficiaries and their affiliated entities are permitted to award contracts. Associates or affiliated entity(ies) cannot be also contractors in the project. Contractors are subject to the procurement rules set out in Annex IV to the standard grant contract.

2.1.4. Eligible actions: actions for which an application may be made

Definition:

An action is composed of a set of activities.

Duration

The initial planned duration of an action may not be lower than 6 months nor exceed 15 months.

Sectors or themes

The following types of action are ineligible:

- actions concerned only or mainly with individual sponsorships for participation in workshops, seminars, conferences and congresses;
- actions concerned only or mainly with individual scholarships for studies or training courses;
- one-off conferences. Conferences can only be funded if they form part of a wider range of activities to be implemented in the life-time of the project. For these purposes, preparatory activities for a conference and the publication of the proceedings of the conference do not, in themselves, constitute such "wider activities";
- core funding of the applicant or (where relevant) its partners;
- actions which consist exclusively or primarily in capital expenditure, e.g. land, buildings, equipment and vehicles;
- actions which discriminate against individuals or groups of people on grounds of their gender, sexual orientation, religious beliefs or lack of them, or their ethnic origin;

See Section 1.2

Financial support to third parties⁹

Applicants may propose financial support to third parties.

Applicants may propose financial support to third parties in order to help achieving the objectives of the action.

The maximum amount of financial support per third party is EUR 10,000.

Under this Call, financial support to third parties may not be the main purpose of the action.

In compliance with the present guidelines and notably of any conditions or restrictions in this section, applicants should define mandatorily in section 2.1.1 of the grant application form:

- (i) the objectives and results to be obtained with the financial support
- (ii) the different types of activities eligible for financial support, on the basis of a fixed list
- (iii) the types of persons or categories of persons which may receive financial support
- (iv) the criteria for selecting these entities and giving the financial support
- (v) the criteria for determining the exact amount of financial support for each third entity, and
- (vi) the maximum amount which may be given.

In all events, the mandatory conditions set above for giving financial support (points (i) to (vi)) have to be strictly defined in the contract as to avoid any exercise of discretion.

Visibility

The Applicants must take all necessary steps to publicise the fact that the European Union has financed or co-financed the Action. As far as possible, actions that are wholly or partially funded by the European Union must incorporate information and communication activities designed to raise the awareness of specific or general audiences of the reasons for the action and the EU support for the action in the country or region concerned, as well as the results and the impact of this support.

Applicants must comply with the objectives and priorities and guarantee the visibility of the EU financing (see the Communication and Visibility Manual for EU external actions specified and published by the European Commission at http://ec.europa.eu/europeaid/funding/communication-and-visibility-manual-eu-external-actions_en).

Number of applications and grants per applicants

The applicant may not submit more than 1 application under this Call for Proposals.

The applicant may not be awarded more than 1 grant under this Call for Proposals.

⁹ These third parties are neither affiliated entity(ies) nor associates nor contractors.

The applicant may be a co-applicant or an affiliated entity in another application at the same time.

A co-applicant/affiliated entity may submit more than 1 application under this Call for Proposals.

A co-applicant/affiliated entity may be awarded more than 1 grant under this Call for Proposals.

A co-applicant/affiliated entity may be the applicant or an affiliated entity in another application at the same time.

2.1.5. Eligibility of costs: costs that can be included

Only 'eligible costs' can be covered by a grant. The categories of costs that are eligible and non-eligible are indicated below. The budget is both a cost estimate and an overall ceiling for 'eligible costs'.

The reimbursement of eligible costs may be based on any or a combination of the following forms:

- actual costs incurred by the Beneficiary(ies) and affiliated entity(ies)
- one or more simplified cost options.

Simplified cost options may take the form of:

- **unit costs:** covering all or certain specific categories of eligible costs which are clearly identified in advance by reference to an amount per unit.
- **lump sums:** covering in global terms all or certain specific categories of eligible costs which are clearly identified in advance.
- **flat-rate financing:** covering specific categories of eligible costs which are clearly identified in advance by applying a percentage fixed ex ante.

The amounts or rates have to be based on estimates using objective data such as statistical data or any other objective means or with reference to certified or auditable historical data of the applicants or the affiliated entity(ies). The methods used to determine the amounts or rates of unit costs, lump sums or flat-rates must comply with the criteria established in Annex K, and especially ensure that the costs correspond fairly to the actual costs incurred by the Grant Beneficiary(ies) and affiliated entity(ies), are in line with their accounting practices, no profit is made and the costs are not already covered by other sources of funding (no double funding). Refer to Annex K for directions and a checklist of controls to assess the minimum necessary conditions that provide reasonable assurance for the acceptance of the proposed amounts.

The applicant proposing this form of reimbursement, must clearly indicate in worksheet no.1 of Annex B, each heading/item of eligible costs concerned by this type of financing, i.e. add the reference in capital letters to "UNIT COST" (per month/flight etc), "LUMPSUM" or "FLAT RATE" in the Unit column. (see example in Annex K)

Additionally in Annex B, in the second column of worksheet no.2, "Justification of the estimated costs" per each of the corresponding budget item or heading the applicant must:

- describe the information and methods used to establish the amounts of unit costs, lump sums and/or flat-rates, to which costs they refer, etc.
- clearly explain the formulas for calculation of the final eligible amount¹⁰

10 Examples:- for staff costs: number of hours or days of work * hourly or daily rate pre-set according to the category of personnel concerned;- for travel expenses: distance in km * pre-set cost of transport per km; number of days *

- identify the beneficiary who will use the simplified cost option (in case of affiliated entity, specify first the beneficiary), in order to verify the maximum amount per each beneficiary (which includes if applicable simplified cost options of its affiliated entity(ies))

At contracting phase, the Contracting Authority decides whether to accept the proposed amounts or rates on the basis of the provisional budget submitted by the applicant, by analysing factual data of grants carried out by the applicant or of similar actions and by performing checks established by Annex K.

The total amount of financing on the basis of simplified cost options that can be authorised by the Contracting Authority for any of the applicants individually (including simplified cost options proposed by their own affiliated entities) cannot exceed EUR 60 000 (the indirect costs are not taken into account).

Recommendations to award a grant are always subject to the condition that the checks preceding the signing of the contract do not reveal problems requiring changes to the budget (such as arithmetical errors, inaccuracies, unrealistic costs and ineligible costs). The checks may give rise to requests for clarification and may lead the Contracting Authority to impose modifications or reductions to address such mistakes or inaccuracies. It is not possible to increase the grant or the percentage of EU co-financing as a result of these corrections.

It is therefore in the applicant's interest to provide a **realistic and cost-effective budget**.

Eligible direct costs

To be eligible under the Call for Proposals, costs must comply with the provisions of Article 14 of the General Conditions to the Standard Grant Contract (see Annex G of the Guidelines).

Contingency reserve

The budget may include a contingency reserve not exceeding 5 % of the estimated direct eligible costs. It can only be used with the **prior written authorisation** of the Contracting Authority.

Eligible indirect costs

The indirect costs incurred in carrying out the action may be eligible for flat-rate funding, but the total must not exceed 7 % of the estimated total eligible direct costs. Indirect costs are eligible provided that they do not include costs assigned to another budget heading in the standard grant contract. The applicant may be asked to justify the percentage requested before the contract is signed. However, once the flat rate has been fixed in the special conditions of the standard grant contract, no supporting documents need to be provided.

If any of the applicants or affiliated entity(ies) is in receipt of an operating grant financed by the EU, it may not claim indirect costs on its incurred costs within the proposed budget for the action.

Contributions in kind

Contributions in kind mean the provision of goods or services to a Beneficiary(ies) or affiliated entity(ies) free of charge by a third party. As contributions in kind do not involve any expenditure for a Beneficiary(ies) or affiliated entity(ies), they are not eligible costs.

Contributions in kind may not be treated as co-financing

However, if the description of the action as proposed includes contributions in kind, the contributions have to be made.

Ineligible costs

daily allowance pre-set according to the country;- for specific costs arising from the organization of an event: number of participants at the event * pre-set total cost per participant etc.

The following costs are not eligible:

- debts and debt service charges (interest);
- provisions for losses or potential future liabilities;
- costs declared by the Beneficiary(ies) and financed by another action or work programme receiving a Union (including through EDF) grant;
- purchases of land or buildings, except where necessary for the direct implementation of the action, in which case ownership must be transferred to the final beneficiaries and/or local Beneficiary(ies), at the latest at the end of the action;
- currency exchange losses;
- credit to third parties.

2.2. HOW TO APPLY AND THE PROCEDURES TO FOLLOW

Prior registration in PADOR for this Call for Proposals is obligatory.

- **Phase 1, concept note:** Registration in PADOR is obligatory for an applicant applying for grants above EUR 60,000.

Registration is optional though strongly recommended for:

- An applicant applying for grants of EUR 60,000 or less;
- co-applicant(s) and affiliated entity(ies).
- **Phase 2, full proposal:** Registration in PADOR is obligatory for all pre-selected applicants, co-applicant(s) and all their affiliated entity(ies).

PADOR is an on-line database in which organisations register and update their data regularly, through the EuropeAid website: <http://ec.europa.eu/europeaid/pador>.

Before starting to register your organisation in PADOR, please read the ‘Quick guide’ on the website. It explains the registration process.

It is strongly recommended to register in PADOR when you start drafting your proposal and not to wait until just before the deadline of submission.

On the paper version of the proposal you must give your EuropeAid ID (EID). To get this ID, your organisation must enter PADOR to register, save and ‘sign’ certain obligatory data (the fields shown in orange on each screen) and the related documents (see section 2.4).

However, if it is impossible for the organisation to register in PADOR, it must submit a justification proving that this impossibility is general and beyond the control of the applicant and/or its affiliated entity(ies). In such cases, the applicants and/or affiliated entity(ies) concerned must complete the ‘PADOR off-line form’¹¹ attached to these Guidelines and send it by the submission deadline, together with the application, to the address indicated in sections 2.2.2 and 2.2.6. The registration in PADOR will then be carried out by the European Commission service in charge of the Call for Proposals. If, at a later stage, the organisation wishes to update its data itself, it will have to send an access request to the PADOR helpdesk.

11 Which corresponds to Sections 3 and 4 of Part B of the application form.

All questions related to registration in PADOR should be addressed to the PADOR helpdesk at: <mailto:EuropeAid-IT-support@ec.europa.eu>.

2.2.1. Concept Note content

Applications must be submitted in accordance with the Concept Note instructions in the Grant Application Form annexed to these Guidelines (Annex A).

Applicants must apply in English.

In the Concept Note, applicants must only provide an estimate of the amount of contribution requested from the Contracting Authority and an indicative percentage of that contribution in relation to the total amount of the Action. Only the applicants invited to submit a full application in the second phase will be required to present a detailed budget. The elements outlined in the Concept Note may not be modified by the applicant in the full application form. The EU contribution may not vary from the initial estimate by more than 20%. Applicants are free to adapt the percentage of co-financing required within the minimum and maximum amount and percentages of co-financing, as laid down in these Guidelines in section 1.3. Own contributions by the applicants can be replaced by other donors' contributions at any time.

Any error or major discrepancy related to the points listed in the Concept Note instructions may lead to the rejection of the Concept Note.

Clarifications will only be requested when information provided is not sufficient to conduct an objective assessment.

Hand-written Concept Notes will not be accepted.

Please note that only the Concept Note form will be evaluated. It is therefore of utmost importance that this document contains ALL relevant information concerning the action. No additional annexes should be sent.

2.2.2. Where and how to send Concept Notes

The Concept Note together with its relating Checklist and Declaration by the applicant (to be found in **Part A sections 2 and 3** of the grant application form) must be submitted in one original and 2 copies in A4 size, each bound.

An electronic version of the Concept Note must also be submitted. The Contracting Authority has no obligation to provide clarifications to questions received after this date.

Replies will be given no later than 11 days before the deadline for submission of Concept Notes.

To ensure equal treatment of applicants, the Contracting Authority cannot give a prior opinion on the eligibility of applicants, affiliated entity(ies), an action or specific activities.

Questions that may be relevant to other applicants, together with answers and other important notices in the course of the evaluation procedure, will be published on the EuropeAid website <http://webgate.ec.europa.eu/europeaid/online-services/index.cfm?do=publi.welcome>, as the need arises. 2.2.5. *Full Application forms*

An applicant invited to submit a full application form following pre-selection of their Concept Note must do so using Part B of the application form annexed to these Guidelines (Annex A). Applicants should then keep strictly to the format of the application form and fill in the paragraphs and pages in order.

The elements outlined in the Concept Note cannot be modified by the applicant in the full application form. The EU contribution may not vary from the initial estimate by more than 20 %, although applicants are free to adapt the percentage of co-financing required within the minimum and maximum amount and percentages of co-financing, as laid down in these Guidelines under section 1.3.

Applicants must submit their full applications in the same language as their Concept Notes.

Please complete the full application form carefully and as clearly as possible so that it can be assessed properly.

Any error related to the points listed in the Checklist (Part B, Section 7 of the Grant Application form) or any major inconsistency in the full application form (e.g. if the amounts in the budget worksheets are inconsistent) may lead to the rejection of the application.

Clarifications will only be requested when information provided is unclear and thus prevents the Contracting Authority from conducting an objective assessment.

Hand-written applications will not be accepted.

Please note that only the full application form and the published annexes which have to be filled in (budget, logical framework) will be transmitted to the evaluators (and assessors, if used). It is therefore of utmost importance that these documents contain ALL the relevant information concerning the action. **No supplementary annexes should be sent.**

2.3. EVALUATION AND SELECTION OF APPLICATIONS

Applications will be examined and evaluated by the Contracting Authority with the possible assistance of external assessors. All actions submitted by applicants will be assessed according to the following steps and criteria.

If the examination of the application reveals that the proposed action does not meet the eligibility criteria stated in paragraph 2.1, the application will be rejected on this sole basis.

(1) STEP 1: OPENING & ADMINISTRATIVE CHECKS AND CONCEPT NOTE EVALUATION

The following will be assessed:

- Compliance with the submission deadline. If the deadline has not been met, the application will automatically be rejected.
- The Concept Note satisfies all the criteria specified in points 1-5 of the Checklist (Section 2 of Part A of the grant application form). If any of the requested information is missing or is incorrect, the application may be rejected on that **sole** basis and the application will not be evaluated further.

The Concept Notes that pass the first administrative check will be evaluated on the relevance and design of the proposed action.

The Concept Note will receive an overall score out of 50 using the breakdown in the evaluation grid below. The evaluation will also check on compliance with the instructions on the Concept Note, which can be found in Part A of the Application Form.

The evaluation criteria are divided into headings and subheadings. Each subheading will be given a score between 1 and 5 as follows: 1 = very poor; 2 = poor; 3 = adequate; 4 = good; 5 = very good.

Scores

1. Relevance of the action	Sub-score	30
1.1 How relevant is the proposal to the objectives and priorities of the Call for Proposals?*	5x2**	
1.2 How relevant to the particular needs and constraints of the target country(ies) or region(s) is the proposal (including synergy with other EU initiatives and avoidance of duplication)?	5x2*	
1.3 How clearly defined and strategically chosen are those involved (final beneficiaries, target groups)? Have their needs been clearly defined and does the proposal address them appropriately?	5	
1.4 Does the proposal contain specific added-value elements, such as environmental issues, promotion of gender equality and equal opportunities, needs of disabled people, rights of minorities and rights of indigenous peoples, or innovation and best practices and does the proposal specifically target culturally deprived areas / population?	5	
2. Design of the action	Sub-score	20
2.1 How coherent is the overall design of the action? In particular, does it reflect the analysis of the problems involved, take into account external factors and relevant stakeholders?	5x2**	
2.2 Is the action feasible and consistent in relation to the objectives and expected results?	5x2**	

TOTAL SCORE 50

**these scores are multiplied by 2 because of their importance

Once all Concept Notes have been assessed, a list will be drawn up with the proposed actions ranked according to their total score.

Firstly, only the Concept Notes with a score of at least 30 will be considered for pre-selection.

Secondly, the number of Concept Notes will be reduced, taking account of the ranking, to the number of Concept Notes whose total aggregate amount of requested contributions is equal to 200% of the available budget for this Call for Proposals. The amount of requested contributions of each concept note will be based on the indicative financial envelopes for each lot.

After the evaluation of Concept Notes, the Contracting Authority will send letters to all applicants, indicating whether their application was submitted by the deadline, informing them of the reference number they have been allocated, whether the Concept Note was evaluated and the results of that evaluation. The pre-selected applicants will subsequently be invited to submit full applications.

(2) STEP 2: EVALUATION OF THE FULL APPLICATION

Firstly, the following will be assessed:

- Compliance with the submission deadline. If the deadline has not been met, the application will automatically be rejected.
- The full application form satisfies all the criteria specified in points 1-9 of the Checklist (Section 7 of Part B of the grant application form). If any of the requested information is missing or is incorrect, the application may be rejected on that **sole** basis and the application will not be evaluated further.

The quality of the applications, including the proposed budget and capacity of the applicants and affiliated entity(ies), will be evaluated using the evaluation criteria in the evaluation grid below. There are two types of evaluation criteria: selection and award criteria.

The selection criteria help to evaluate the applicant(s)'s and affiliated entity(ies)'s operational capacity and the applicant's financial capacity and to ensure that they:

- have stable and sufficient sources of finance to maintain their activity throughout the proposed action and, where appropriate, to participate in its funding;
- have the management capacity, professional competencies and qualifications required to successfully complete the proposed action. This also applies to any affiliated entity(ies) of the applicants.

The award criteria help to evaluate the quality of the applications in relation to the objectives and priorities, and to award grants to projects which maximise the overall effectiveness of the Call for Proposals. They help to select applications which the Contracting Authority can be confident will comply with its objectives and priorities. They cover the relevance of the action, its consistency with the objectives of the Call for Proposals, quality, expected impact, sustainability and cost-effectiveness.

Scoring:

The evaluation grid is divided into sections and subsections. Each subsection will be given a score between 1 and 5 as follows: 1 = very poor; 2 = poor; 3 = adequate; 4 = good; 5 = very good.

Evaluation Grid

Section	Maximum Score
1. Financial and operational capacity	20
1.1 Do the applicants and, if applicable, their affiliated entity(ies) have sufficient experience of project management?	5
1.2 Do the applicants and, if applicable, their affiliated entity(ies) have sufficient technical expertise? (especially knowledge of the issues to be addressed)	5
1.3 Do the applicants and, if applicable, their affiliated entity(ies) have sufficient management capacity? (Including staff, equipment and ability to handle the budget for the action)?	5

3.4 Is the co-applicant(s)'s and affiliated entity(ies)'s level of involvement and participation in the action satisfactory?	5
4. Sustainability of the action	15
4.1 Is the action likely to have a tangible impact on its target groups?	5
4.2 Is the proposal likely to have multiplier effects? (Including scope for replication, extension and information sharing.)	5
4.3 Are the expected results of the proposed action sustainable?: - financially (<i>how will the activities be financed after the funding ends?</i>) - institutionally (<i>will structures allowing the activities to continue be in place at the end of the action? Will there be local 'ownership' of the results of the action?</i>) - at policy level (where applicable) (<i>what will be the structural impact of the action — e.g. will it lead to improved legislation, codes of conduct, methods, etc?</i>) - environmentally (if applicable) (<i>will the action have a negative/positive environmental impact?</i>)	5
5. Budget and cost-effectiveness of the action	15
5.1 Are the activities appropriately reflected in the budget?	/ 5
5.2 Is the ratio between the estimated costs and the expected results satisfactory?	/ 10
Maximum total score	100

Note on section 1. Financial and operational capacity

If the total score for section 1 is less than 12 points, the application will be rejected. If the score for at least one of the subsections under section 1 is 1, the application will also be rejected.

Provisional selection

After the evaluation, a table will be drawn up listing the applications ranked according to their score and within the limits of the funds available. In addition, a reserve list will be drawn up following the same criteria to be used if more funds should become available during the validity period of the reserve list.

(3) STEP 3: VERIFICATION OF ELIGIBILITY OF THE APPLICANTS AND AFFILIATED ENTITY(IES)

The eligibility verification, based on the supporting documents requested by the Contracting Authority (see Section 2.4) will only be performed for the applications that have been provisionally selected according to their score and within the available financial envelope.

- The Declaration by the applicant (Section 8 of Part B the grant application form) will be cross-checked with the supporting documents provided by the applicant. Any missing supporting document or any incoherence between the Declaration by the applicant and the supporting documents may lead to the rejection of the application on that sole basis.
- The eligibility of applicants, the affiliated entity(ies), and the action will be verified according to the criteria set out in Sections 2.1.1, 2.1.2 and 2.1.3.

Any rejected application will be replaced by the next best placed application on the reserve list that falls within the available financial envelope.

2.4. SUBMISSION OF SUPPORTING DOCUMENTS FOR PROVISIONALLY SELECTED APPLICATIONS

An applicant that has been provisionally selected or placed on the reserve list will be informed in writing by the Contracting Authority. It will be requested to supply the following documents in order to allow the Contracting Authority to verify the eligibility of the applicant, (if any) of the co-applicant(s) and (if any) of their affiliated entity(ies)¹²:

Supporting documents may be provided through PADOR, see Section 2.2

1. The statutes or articles of association of the applicant, (if any) of each co-applicant(s) and (if any) of each affiliated entity(ies)¹³. Where the Contracting Authority has recognised the applicant's, or the co-applicant(s)'s, or their affiliated entity(ies)'s eligibility for another call for proposals under the same budget line within 2 years before the deadline for receipt of applications, it should be submitted, instead of the statutes or articles of association, a copy of the document proving their eligibility in a former Call (e.g. a copy of the special conditions of a grant contract received during the reference period), unless a change in legal status has occurred in the meantime¹⁴. This obligation does not apply to international organisations which have signed a framework agreement with the European Commission.
2. An external audit report produced by an approved auditor, certifying the applicant's accounts for the last financial year available where the total amount of the grant exceeds EUR 750 000 (EUR 100 000 for an operating grant). The external audit report is not required from (if any) the co-applicant(s).
3. A copy of the applicant's latest accounts (the profit and loss account and the balance sheet for the last financial year for which the accounts have been closed)¹⁵. A copy of the latest account is neither required from (if any) the co-applicant(s) nor from (if any) affiliated entity(ies)).
4. Legal entity sheet (see annex D of these Guidelines) duly completed and signed by each of the applicants (i.e by the applicant and (if any) by each co-applicant(s), accompanied by the justifying documents requested there. If the applicants have already signed a contract with the Contracting

12 No supporting document will be requested for applications for a grant not exceeding EUR 60000.

13 Where the applicant and/or a co-applicant(s) and or an affiliated entity(ies) is a public body created by a law, a copy of the said law must be provided.

14 To be inserted only where the eligibility conditions have not changed from one call for proposals to the other.

15 This obligation does not apply to natural persons who have received a scholarship or that are in most need in receipt of direct support, nor to public bodies and to international organisations. It does not apply either when the accounts are in practice the same documents as the external audit report already provided pursuant to Section 2.4.2.

Authority, instead of the legal entity sheet and supporting documents, the legal entity number may be provided, unless a change in legal status occurred in the meantime.

5. A financial identification form of the applicant (not from co-applicant(s)) conforming to the model attached at Annex E of these Guidelines, certified by the bank to which the payments will be made. This bank should be located in the country where the applicant is established. If the applicant has already submitted a financial identification form in the past for a contract where the European Commission was in charge of the payments and intends to use the same bank account, a copy of the previous financial identification form may be provided instead.

Where the requested supporting documents are not uploaded in PADOR they must be supplied in the form of originals, photocopies or scanned versions (i.e. showing legible stamps, signatures and dates) of the said originals. However, the Legal entity sheet and the financial identification form must always be submitted in original.

Where such documents are not in one of the official languages of the European Union or in the language of the country where the action is implemented, a translation into English of the relevant parts of these documents proving the applicant(s)'s eligibility, must be attached for the purpose of analysing the application.

Where these documents are in an official language of the European Union other than English, it is **strongly** recommended, in order to facilitate the evaluation, to provide a translation of the relevant parts of the documents, proving the applicants' eligibility, into English.

If the abovementioned supporting documents are not provided before the deadline indicated in the request for supporting documents sent to the applicant by the Contracting Authority, the application may be rejected.

After verifying the supporting documents, the Evaluation Committee will make a final recommendation to the Contracting Authority, which will decide on the award of grants.

NB : In the eventuality that the Contracting Authority is not satisfied with the strength, solidity, and guarantee offered by the structural link between one of the applicants and its affiliated entity, it can require the submission of the missing documents allowing for its conversion into co-applicant. If all the missing documents for co-applicants are submitted, and provided all necessary eligibility criteria are fulfilled, the above mentioned entity becomes a co-applicant for all purposes. The applicant has to submit the application form revised accordingly.

2.5. NOTIFICATION OF THE CONTRACTING AUTHORITY'S DECISION

2.5.1. Content of the decision

The applicants will be informed in writing of the Contracting Authority's decision concerning their application and, if rejected, the reasons for the negative decision.

An applicant believing that it has been harmed by an error or irregularity during the award process may lodge a complaint. See further Section 2.4.15 of the Practical Guide.

Following the decision to award a grant, the Beneficiary(ies) will be offered a contract based on the Contracting Authority's grant contract (see Annex G of these Guidelines¹⁶). By signing the application form (Annex A of these Guidelines), the applicants agree, if awarded a grant, to accept the contractual conditions of the standard grant contract.
