2. In order to protect Union citizens from serious cross-border health threats: identify and develop coherent approaches and promote their implementation for better preparedness and coordination in health emergencies.
3. In order to support public health capacity-building and contribute to innovative, efficient and sustainable health systems: identify and develop tools and mechanisms at Union level to address shortages of resources, both human and financial, and to facilitate the voluntary uptake of innovations in public health intervention and prevention strategies.

Grant agreement: must be signed electronically first by the coordinator on behalf of the consortium and then by Chafea. All co-beneficiaries must accede to the grant agreement by signing electronically the accession form to the grant.

## **11. FINANCIAL PROVISIONS**

The Financial Regulation and the Rules of Application<sup>7</sup> are the reference documents for the implementation of the third Health Programme.

### **11.1. General Principles**

Grants must comply with the following principles:

a) Non-cumulative award

An action may only receive one grant from the EU budget.

In no circumstances shall the same costs be financed twice by the Union budget. To ensure this, applicants shall indicate the sources and amounts of Union funding received or applied for the same action or part of the action or for its functioning during the same financial year as well as any other funding received or applied for the same action.

b) Non-retroactivity

No grant may be awarded retrospectively for actions already completed.

A grant may be awarded for an action, which has already begun only where the applicant can demonstrate the need to start the action before the grant agreement is signed.

In such cases, costs eligible for financing may not have been incurred prior to the date of submission of the grant application.

c) Co-financing

Co-financing means that the resources, which are necessary to carry out the action, may not be entirely provided by the EU grant.

Co-financing of the action may take the form of:

- the beneficiary's own resources,
- income generated by the action,
- financial contributions from third parties.

d) Balanced budget

The estimated budget of the action is to be attached to the application form. It must have revenue and expenditure in balance.

The budget must be drawn up in euros.

e) Implementation contracts/subcontracting

---

<sup>7</sup> Please refer to footnotes 5 and 6 above

Where the implementation of the action requires the award of procurement contracts (implementation contracts), the beneficiary must award the contract to the bid offering best value for money or the lowest price (as appropriate), avoiding conflicts of interests and retain the documentation for the event of an audit.

For public bodies: entities acting in their capacity of contracting authorities in the meaning of Directive 2004/18/EC or contracting entities in the meaning of Directive 2004/17/EC shall abide by the applicable national public procurement rules.

Sub-contracting, i.e. the externalisation of specific tasks or activities which form part of the action as described in the proposal must satisfy the conditions applicable to any implementation contract (as specified above) and in addition to them the following conditions:

- it may only cover the implementation of a limited part of the action;
- it must be justified having regard to the nature of the action and what is necessary for its implementation;
- it must be clearly stated in the proposal.

## **11.2. Funding form: mixed financing**

Mixed financing grants are calculated on the basis of a detailed estimated budget indicating clearly the costs that are eligible for EU funding. The grant amount may neither exceed the eligible costs nor the amount requested. Amounts are indicated in euros.

### **➤ Maximum amount requested**

The EU grant is limited to a maximum co-funding rate of 60% of **eligible costs**. In case of exceptional utility up to 80% can be requested (see work plan 2015, Annex VII).

Consequently, part of the total eligible expenses entered in the estimative budget must be financed from sources other than the EU grant (see section 11.1c).

### **➤ Eligible costs**

Eligible costs are actually incurred by the beneficiary of a grant and meet all the criteria indicated in Article 6 of the grant agreement.

- Eligible (direct and indirect) costs are indicated in the grant agreement (see Articles 6.1., 6.2. and 6.3.);
- Ineligible costs are indicated in the grant agreement (see Article 6.4.).

Please note that contributions in kind are not considered eligible cost.

### **➤ Calculation of the final grant amount**

Chafea establishes the final amount of the grant to the coordinator and the other beneficiaries after completion of the action, upon approval of the request for payment containing the documents indicated in the grant agreement.

The final grant amount is calculated as indicated in the grant agreement (see Article 5).

EU grants may not have the purpose or effect of producing a profit within the framework of the action of the beneficiary. **Profit shall be defined as a surplus of the receipts over the eligible costs incurred by the beneficiary**, when the request is made for payment of the balance. In this respect, where a profit is made, Chafea shall be entitled to recover the percentage of the profit corresponding to the Union contribution. A partner (coordinator or other beneficiary) requesting an EU-contribution of EUR ≤ 60 000, is exempted from this provision.

### **11.3. Payment arrangements**

The payments generally consist of the following:

The Chafea will execute a pre-financing payment (see Article 16.2 of the grant agreement) to the coordinator within 30 days of the date when the last of the two parties signs the agreement, provided all requested guarantees have been received. All other beneficiaries have to accede to the grant agreement before the coordinator can transfer to them their share of the pre-financing.

The Chafea will make an interim payment (see Article 16.3) to reimburse the eligible costs incurred in implementing the action during a given reporting period. Chafea will execute the payment within 60 days from receiving the periodic report.

The Chafea will establish the amount of the final payment to be made to the coordinator on the basis of the calculation of the final grant amount (see section 11.2 above). If the total of earlier payments is higher than the final grant amount, the coordinator will be required to reimburse the amount paid in excess by the Chafea through a recovery order (see Article 28 of the grant agreement).

For more details, please see Article 16 of the grant agreement.

### **11.4. Pre-financing guarantee**

In the event that the applicant's financial capacity is not satisfactory, measures may be taken in order to limit the financial risks linked to the pre-financing payment. These may include a financial guarantee for an amount up to that of the pre-financing payment or the inclusion of several reporting periods, leading to interim payments, subject to the approval of the periodic report.

If requested, the financial guarantee, in euro, shall be provided by an approved bank or financial institution established in one of the Member State of the European Union. When the beneficiary is established in a third country, the authorising officer responsible may agree that a bank or financial institution established in that third country may provide the guarantee if he considers that the bank or financial institution offers equivalent security and characteristics as those offered by a bank or financial institution established in a Member State. Amounts blocked in bank accounts shall not be accepted as financial guarantees.

The guarantee may be replaced by a joint and several guarantee by a third party or by a joint guarantee of the beneficiaries of an action who are parties to the same grant agreement.

The guarantee shall be released as the pre-financing is gradually cleared against interim payments or payments of the balance to the beneficiary, in accordance with the conditions laid down in the grant agreement.

No financial guarantee will be requested for a beneficiary receiving an EU contribution of EUR ≤60. 000 (low value grants).

## **12. PUBLICITY**

### **12.1. By the beneficiaries**

Beneficiaries must clearly acknowledge the European Union's contribution in all publications or in conjunction with activities for which the grant is used in line with Article 38 of the grant agreement.

In this respect, beneficiaries are required to give prominence to the name and emblem of the European Union on all their publications, posters, programmes and other products realised under the co-financed project.

To do this they must use the text, the emblem and the disclaimer available at [http://ec.europa.eu/chafea/management/visual\\_identity.html](http://ec.europa.eu/chafea/management/visual_identity.html).

If this requirement is not fully complied with, the beneficiary's grant may be reduced in accordance with the provisions of the grant agreement.

### **12.2. By the Executive Agency / the Commission**

With the exception of scholarships paid to natural persons and other direct support paid to natural persons in most need, all information relating to grants awarded in the course of a financial year shall be published on an internet site of the European Union institutions no later than the 30 June of the year following the financial year in which the grants were awarded.

The following information will be published:

- name of the beneficiary,
- address of the beneficiary when the latter is a legal person, region when the beneficiary is a natural person, as defined on NUTS 2 level<sup>8</sup> if he/she is domiciled within EU or equivalent if domiciled outside EU,
- subject of the grant,
- amount awarded.

Upon a reasoned and duly substantiated request by the beneficiary, the publication shall be waived if such disclosure risks threatening the rights and freedoms of individuals concerned as protected by the Charter of Fundamental Rights of the European Union or harm the commercial interests of the beneficiaries.
